

Guess I'll Go Away

Johnny Winter

Hey,
Can't stop thinking about you
Wondering why you're not around
Can't keep doing without you
Pack my things and leave this town
I've been thinking about you
Can't keep doing without you
Getting tired, not feeling better

Ain't got time to show you
Girl, how well I know you

I guess I'll go away

Hey, hey, hey

Can't keep waiting on you
Time passes, I want you more
Time to jump upon you
Darling what are you waiting for
Can't keep waiting on you
I'm gonna jump upon you
Getting time for revolution

Hey!

Ain't got time for playing
Just like I've been saying
I guess I'll go away

Hey!

Ain't gonna put me through it
I don't have to live this way
You can't hold me to it
Gonna make my get away
Ain't gonna put me through it
You can't hold me to it
Can't get no satisfaction

Everything you're doing
Drivin' me to ruin

I guess I'll go away

Hey, hey, hey
Hey, hey, hey
