

Honest I Do

Johnny Winter

You know that I love you
Honest I do
I never ever place
No one above you

You told me you need me
Stop drivin' me wild
You're my little love, babe
You're my angel child

Please tell me you love me
Stop drivin' me mad
You're the sweetest little woman
That I ever had

I told you I love you
Honest I do
I never ever place
No one above you

Please tell me you love me
Stop drivin' me mad
When I woke up this mornin'
Never felt so bad
