Honest I Do

Johnny Winter

You know that I love you Honest I do
I never ever place
No one above you

You told me you need me Stop drivin' me wild You're my little love, babe You're my angel child

Please tell me you love me Stop drivin' me mad You're the sweetest little woman That I ever had

I to1d you I love you
Honest I do
I never ever place
No one above you

Please tell me you love me Stop drivin' me mad When I woke up this mornin' Never felt so bad
