

If You Got a Good Woman

Johnny Winter

Well if you got a good woman
You'd better give that girl a thrill
Whoa, if you got a good woman
You'd best give that girl a thrill (give the girl a thrill)
'Cause if you don't keep her happy
There's sure someone else who will (watch out, man!)

If you got time for another woman
That woman's who got time for another man
Well if you got time for another woman
That woman got time for another man
Don't think just 'cause you got her
That you're the only one that can

(I also dig that woman too! Watch out!)

Yeah, Billy Branch!

Yeah, get real wild brother...

Man if you love that woman
Better stay at home and treat her right
Whoa, if you love that woman
Best stay at home and treat her right
'Cause you can't tell what's goin' on
When your baby's outta sight

(Better watch yourself!)
