

# Johnny Guitar

Johnny Winter

When I was young boy  
I thought I had that touch  
I wanted to play that guitar so much  
Now I'm a man and I got no ooh  
Now I'm playing,  
playing son of gun

They call me Johnny Guitar  
They call me Johnny Guitar  
They call me Johnny Guitar  
And I'm gonna play in your town

Gonna play some blues  
Gonna play some rock'n'roll  
And trial up some several  
pretty girls so  
Gonna play some slow and play some best  
Gonna have a ball as long as best

They call me Johnny Guitar  
They call me Johnny Guitar  
They call me Johnny Guitar  
And I'm gonna play in your town

You get the girl  
And hold her close to you  
But you better get her before I do  
We gonna have some fun before we're through  
I'll play that guitar  
Especially just for you

They call me Johnny Guitar  
They call me Johnny Guitar  
They call me Johnny Guitar  
And I'm gonna play in your town

They call me Johnny Guitar  
They call me Johnny Guitar  
They call me Johnny Guitar  
And I'm gonna play in your town
