

Killing Floor

Johnny Winter

I should'a quit you, long time ago
I should'a quit you, baby, long time ago
And I wouldn't've been down here, down on the killin' floor

If I ha'da followed, my first mind
If I ha'da followed, my first mind
I'd'a been down here, this all my second time

I should'a gone on, when my friend come from Mexico with me
I should'a gone on, when my friend come from Mexico with me
I wouldn't've been here, down on the killin' floor

I should'a quit you, long time ago
I should'a quit you, baby, long time ago
And I wouldn't've been down here, down on the killin' floor

If I ha'da followed, my first mind
If I ha'da followed, my first mind
I'd'a been down here, this all my second time

I should'a gone on, when my friend come from Mexico with me
I should'a gone on, when my friend come from Mexico with me
I wouldn't've been here, down on the killin' floor
