

# Lone Wolf

Johnny Winter

I'm a lone wolf and I howl from town to town  
I'm a lone wolf and I howl from town to town  
I'm gonna huff and I'll puff until I blow your little house down  
(Yes I will!)

I'm a lone wolf, don't do no running with the pack...  
I'm a lone wolf, don't do no running with the pack...  
I'm a big bad wolf, I'll pull the wool right off your back  
(Yeah!)

When the moon comes up, I'll come a snifin' around your door  
When the moon comes up, I'll come a snifin' around your door  
I'll howl all night, leavin' you beggin' for more, more, more!

Yeah!

I'm a lone wolf and I howl from town to town  
I'm a lone wolf and I howl from town to town  
I'm gonna huff and a-puff until I blow your little house down.

I'm a lone wolf!  
I'm a lone wolf!  
I'm a lone wolf!  
I'm a lone wolf!

I'm gonna huff and I'll puff until I blow your little house down....Oww!
