

## Look Up

Johnny Winter

Look up look up  
Look up look up  
Get your eyes off the ground  
Get your head in the sky  
Things are going to get a whole lot better  
And I'm telling you why

Cause we're getting together  
Things are coming together  
You know our heads are together  
My, oh my, oh my

Look up look up  
Look up look up  
I see a brand new world  
See a brand new freedom
