

Mojo Boogie

Johnny Winter

I been to New Orleans, I sure had a wonderful time
I been to New Orleans, I sure had a wonderful time
I was high, high as a Georgia pine

You know, the gypsy carried me down on Rampart Street
I seen everybody that I wanted to meet
She said, "Hey Johnny., stop and listen to me,
"They got somethin' that knock you off a your feet

Its called the mojo boogie
Its called that Mojo boogie
"They call it mojo boogie, begin to slide on down"

I thought she was teachin' me a brand new way
I said, "Gypsy, tell me, tell me what to say"
"Got the Louisiana boogie, and other kinda things,
They even got the thing they call the mojo hand

"They got the mojo boogie
"Its called that Mojo boogie
"You know that mojo boogie, begin to slide on down"

I got me a mojo man and sure is crazy
The gypsy forgot to tell me, just how to operate it
I went to a night club, I was squeezing it tight
I know that was the cause of all the people startin' to fight

It was the mojo boogie
Must-a been that Mojo boogie
It was the mojo boogie, begin to slide on down

Yeah, it was the Mojo Boogie
Must have been that Mojo Blues
It was that Mojo Boogie
Gotta be that Mojo Boogie
It was that Mojo Boogie, begin to slide on down
