

Mother-in-Law Blues

Johnny Winter

It was early in the mornin', I heard the rooster call for day
It was early in the mornin', I heard the rooster call for day
I looked out my window and saw my baby walk away

I cried Lord please stop her, ain't gonna get drunk no more
Yeah, I cried Lord please stop her, ain't gonna get drunk no more
I was out my window, come back baby, please don't go

I know she heard me callin', she looked back and waved her hand
I know she heard me callin', she looked back and waved her hand
, yeah
I heard her tell her mother, that golfer was no good man, yeah

Watch out, watch out

Well, I was fine baby, leave her, mother held by the hand
I was fine baby, leave her mother held by the hand
I'd give anything I have to just see that little girl again
