

## Rollin' and Tumblin'

Johnny Winter

Well I roll and tumble  
Brother all night long  
Well I roll and tumble  
Brother all night long  
Well I woke up this morning  
All my thrill was gone

Well I know my baby  
She got a red dress on, yeah baby  
Well I know my baby  
She got a red dress on

When the sun goes up now  
I tumble walking out

Well when I blow that whistle  
She comes running down  
Well when I blow that whistle  
She comes running down  
Oh I can hear them talking  
With my baby there
