

# From Peoples Heart

Johnossi

Once upon a time there was a girl  
around smiles and silver shoes  
She thought she was in this dreadful time  
and didn't know what to do  
There ain't gonna be no guarantee  
I know it from the heart  
but an outcast would get there in the end  
without the need to act and pretend, cause you know

I wanna hold you, yeah unfold you  
looking good girl  
I don't need to see you,  
But I wanna feel you  
cause I need you girl

Upon another time there was a boy  
falling headfirst towards the floor  
and no, my friends,  
it wasn't captain Morgan this time  
but the circus inside that broken door  
He thought, this happy city is soon falling apart  
I know it from the heart  
be quiet and drive me far away,  
because it ain't the place to stay

I wanna hold you, yeah unfold you  
looking good girl  
I don't need to see you,  
But I wanna feel you  
cause I need you girl

But to my knees I pray  
that you'll be there for me  
B..But t..to my knees I pray for you  
but it won't be the time

Is that a feeling a change  
ore just another soaked in whiskey, coke and beer  
Keep your head up high you shouldn't have no fear

but the time keeps whispering in my ear  
I want my mother to see me walking down the aile  
please wait for me I'll be there in a while  
and everything will work out just fine you'll see  
but until then, where's my bottle of J&B

I wanna hold you, yeah unfold you  
looking good girl  
I don't need to see you,  
But I wanna feel you  
cause I need you girl

But to my knees I pray  
that you'll be there for me  
B..But t..to my knees I pray for you  
but it won't be the time
