

Back2thebeginningagain

Jojo

It took me 22 years to trust myself
Too many people told me to be somebody else
They said there's two things you gotta do to succeed
One forget about you, Two listen to me

But on the 20th day of December this year,
What I needed to do became ever clear
I got drunk and I cries and I fell asleep
When I woke up, I knew who I needed to be

Took off my shoes and my socks and ran through the snow
Through the center of town I left long ago
Frost bite on my ankles and I don't care
Got some shit on my mind that I wanna share

I'm riding around, old stomping grounds
Riding around on sacred ground
I know where I'm going cause I know where I've been

I've been- riding around old stomping grounds
Ridin' around this small town
Finally know where I'm going

Take em to the strip club
Make a Euro pop song
Do whateva I say
Industry, get along

You should make cover song
You should make a Katy song
You should pull your titties out
Then I'll put your record out

Then I'll put your record out...
