

City Lights

Jojo

Mmm, yeah
Ooh
Realise (oh)
It's on tonight (yeah)
Ooh, yeah

Out on the street
I'm looking for the celebration
Come roll with me (me)
Together, we can crash the party and

Get on the floor
DJ, please play my song (song)
And we can do this all night long
Once again it is on (yeah)

I'm on a high (high)
I feel like I'm on medications
I'm open wide (come on, come on)
And we don't need no complications cause

I feel alright
And all I see is red lights (red lights)
And blue lights (blue lights)
It feel like (feel like)
And I realise (realise), it's out of sight

I'm under the city lights
It's on, it's on tonight (right)
My mood is right
It's on, it's on tonight

Me and my girls
Me and my girls
Tonight is our world
Tonight is our world (oh yeah)

World
I'm out tonight
World
Yeah, I'm out tonight
World
Hey
World
C'mon now

It's after dark (dark)
Eleven stories in the morning
I can see the stars (see the stars)
Just across the boulevard and now

I'm so inspired
Cause I wanna buy me a Lexis
Maybe I'll get me a Beamer
Or a Hummer for summer

It's never too late (too late)

There's always more fascination
Just turn the page (oh)
And I won't be hesitating, cause

I can hardly wait
To do my dance, to wave my hand
Hear my jam, you can count me in
I wish tonight would never end

I'm under the city lights
It's on, it's on tonight (on tonight)
My mood is right
It's on, it's on tonight

Me and my girls
Me and my girls (oh)
Tonight is our world
Tonight is our world

I'm under the city lights (oh)
It's on, it's on tonight (it's on tonight)
My mood is right
It's on, it's on tonight (oh)

Me and my girls

I'm out (I'm out)
Tonight (tonight)
And it's alright (alright)
See, I'm out tonight
And it's alright (yeah, yeah)
