

We Get By

Jojo

Laying Down on my Hardwood Floor again
Watching all my deepest fears just crawling on the ceilin'
These colonial bricks and beams are just not enough to hold me
All I got is my hopes and dreams and this cranberry sloly

I Get By
I Get By
I Get By
I Get By

I Get High
I Get High

But tomorrow's goodbye

(So) I Get By
I Get By
I Get By
I Get By

I Get By
I Get By

Cause tomorrow's goodbye (yea)

I took the Red Line all the way to South E
When I leave this place will anybody really miss me
If I stay on this train all night can I end at the beginning
Smoking on this Cali green to just stop the world from spinning

(But) I Get By
I Get By
I Get By
I Get By

I Get High
I Get High

Cause tomorrow's goodbye

I Get By
I Get By
I Get By
I Get By

We get high
I get high
Cause tomorrow's goodbye

Sunset, my wishlist I'll give u that
Hollywood and the bullshit I deal with that
That life I left, I'm not going back
I can't work a 9 to 5

I'm getting lost just by myself
Baby I'll stop being someone else
I'll take the PCH down to my Cali dream (hey)

We Get By
We Get By
We Get By
We Get By

We get high
We get high

Cause tomorrow's goodbye (Cause tomorrow's goodbye)

I Get By
I Get By
I Get By
I Get By

I Get High
I Get High

Cause tomorrow's goodbye (Cause tomorrow's goodbye)

We Get By
We Get By
We Get By
We Get By

We get high
We get high

Cause tomorrow's goodbye (Cause tomorrow's goodbye)

Goodbye
Goodbye
Goodbye

I Get By
I Get By
I Get By
I Get By
I Get By
I Get By

I get High
Cause tomorrow's goodbye (bye)
