

2,000 Years

Jon Anderson

Coupled in the perfect note
To ring you out of place
As birth can dance and sing
It's better, brighter shines this grace
Seas of golden rainbows
Spinning silently in space
As the angels in the heavens
Sing the being of His grace

Sing into the sweetest horn
As light begins the day
2000 years ago they called it
This eternal way
See into the future made
For all our kingdom comes
The joyous of the infinite
Is born this very morn
