

Flowers Of The Morning

Jon Anderson

All this time we've walked together
Watching for the flowers to grow
Knowing that our needs are simple
Knowing that our time has come
Now the world is ours
Now the smile is yours
Hold me like the moon 'n stars
Hold me like the river
All this time we've known this reason
Changes come and clear the air
Listening with the singing birds
Our peace of mind is waiting here
It's the course of Love
In the chord of life
Ill hold you like the summer breeze
'n kiss you every morning
We want for nothing
Look out yonder to the sunset
God is glorious every day
Stars do shine and we have heaven
Now our peace of mind is clear
It's the course of Love
In the chord of life
Ill bring you flowers of my love
'n Love the flower of the morning...
