Hearing, talking, yes I love you Set your heart, sail along the river Look around as you drift downstream Pouring souls into the ocean Take account of all you've seen One people together, freedom for today So easy the future, so see the children's way Love me, teach me, know me One people together, freedom for today Tomorrow forever, so see the people's way Many moons cascade one river They light from side to side As we cross in close proximity LIke rivers our hearts entwine Howe we talk, how we teach our children How we move, we direct our eyes Like senses tuned discovery As and as when our hearts decide Be ready now, be ye circle Be the central force ye life As the game extends the cycle Be ready to move **CHORUS** One heart's for love, one's for giving Sailing down the river Two hearts are better than one Throwing out a line I'm hearing it, I'm living it I believe in it, I'm loving it Sharing in our fortunes Two hearts are better than one In and out of time As we flow down life's rivers I see the stars glow one by one All angels of the magic constellation Be singing us now
