

# It's on Fire

Jon Anderson

(Jon Anderson/Don Freeman)

I may not always be the one  
But until something comes along  
It's never easy but I know  
Without you where would I go

I may not always stoop to win  
'Cause we can change how we begin  
I won't deny my brothers' sight  
Without them now will I fly

Same chance  
Same time  
Come along

How can I tell you what to be  
When you're the best judge of yourself  
You hold a power so unique  
You have the power to change your world

Same chance  
Same steps along the way  
Same chance  
Same time

I may not always be the one  
But until something comes along  
It's never easy but I now  
Without you where would I go

You may not always see me win  
Doesn't mean I won't be dreamin  
I can stand as tall as the sky  
With this feeling  
Wanting only just to be near you  
Wanting only just to be near you

Same time  
Same place under the sun  
Same chance  
See, it's almost there

Wanting only just to be with you  
Wanting only just to be with you  
To be near you  
This time

Same time  
Same place under the sun  
Same chance  
It is everywhere

Wanting only just to be near you  
Wanting only just to be near you  
Wanting only just to be near you

I may not always be the one  
But until something comes along  
It's never easy, but I know  
Without you where would I go

I may not always stoop to win  
Doesn't mean I won't be dreamin'  
I won't deny my brothers' sight  
Without them how will I fly
