

# Magic Love

Jon Anderson

Many a good time just to say you're sorry  
Finally move on it's the best you can do  
Got to be got out that train from the station  
A new train is coming right just for you

Many a door shuts in the face of Freedom  
Breaking the bad news 'til they're finally gone  
Only to find out when one door is shattered  
A new door is opening in your heart

Ready for lively love  
Ready for lively love  
Yeah yeah, yeah yeah

Call it a new day get the magic ticket  
Only the right way you eventually say  
Didn't you know yet it's your God given freedom  
Never imagine a worried mind as Magic love

In the magic dream  
It's a Magic love  
And the way it seems

Oh lots of giving  
Oh lots to laugh at  
yeah lots of loving  
Only if you can

Many a new plan made from old misgivings  
Many a good work puts the tempers to rest  
Only a life gone full of tears and sorrow  
When you can get it together now with you

And the Magic love  
In the magic dream  
In the Magic love

It's your God given right to know  
It's your God given right to see  
It's your God given right to be free  
It's your God given right

Give it to me now see the truth is coming  
Finally now taking the path to be free  
Ready or not now see the day is shouting  
I will be holding this Magic love

Oh lots of giving  
Oh lots to laugh at  
yeah lots of loving  
Only if you can  
Lots of giving  
Lots to laugh at  
yeah, lots of loving  
Only if you can

It's your God given right to know

It's your God given right to see  
It's your God given right to be free  
It's your God given right
