

## Solid Space

Jon Anderson

Hold my life  
Cross the path  
Course and curl my dreams away  
Fast the soul  
Make the break  
As even as the stars that form the way  
Rider  
Turn a mountain send them lost  
among the flowers of the young  
Turn a mountain send them lost  
among the flowers of the young  
Rider Rider Rider  
Hold my life  
Cross the path  
Course and curl my dreams away  
Fast the soul  
Make the break  
As even as the stars that form the way  
Rider Rider Rider Rider Rider
