

I Do (Whatcha Say Boo)

Jon B.

Whatcha say boo
If I asked, would you say
I do, I, I do

Whatcha say boo
If I asked, would you say
I do, I, I do

They said it wasn't gonna last
They said we're gonna split up fast
They told you I was a player
And I would play you

Nobody wanted us to be this way
It's just jealous in the lies they say
Could never touch us, 'cause the truth is lady
I'm still with you

Whatcha say boo
If I asked, would you say
I do, I, I do

Whatcha say boo
If I asked, would you say
I do, I, I do

We've been together for some time
Got to tell you what's been on my mind
Since we've been spending every night the way we do

You see, I never wanna leave
And if I asked you would you believe
I never want to spend the night with anyone but you, baby

Whatcha say boo
If I asked, would you say
I do, I, I do

Whatcha say boo
If I asked, would you say
I do, I, I do

Say I do, [Incomprehensible]
Say I do, say we do

Whatcha say boo
If I asked, would you say
I do, I, I do

Whatcha say boo
If I asked, would you say
I do, I, I do

Whatcha say boo
If I asked, would you say
I do, I, I do
