

I'm Right Here

Jon B.

Baby I've got something I have to tell you
Bout me addicted to this feelin here
Now I know we've known each other for a while
Now it's time I get this off my chest right now

Girl you need to be with me
I can give you what you need
I'm right here, I got just what you want
You ain't never been in love
No more wastin' time cause I'm right here
I got just what you want

Just wanna be with you, riding together on 22's
Layback in love, layback with you
Now I know you're my friend
But I'm tired of pretending everything is cool
When I'm just tryin' to get with you

Girl you need to be with me
I can give you what you need
I'm right here, I got just what you want
You ain't never been in love
No more wastin' time cause I'm right here
I got just what you want

La la la la la la la la, la la la la la la la la
La la la la la la la la, la la la la la la la la
La la la la la la la la, la la la la la la la la

La la la la la la la la, la la la la la la la la

Girl you need to be with me
I can give you what you need
I'm right here, I got just what you want
You ain't never been in love
No more wastin' time cause I'm right here
I got just what you want

Girl we waited all night, now I wanna talk to you
I'm in the place, just wanna jam with you
I got just what you want
Waited all night, now I wanna talk to you baby

Girl you need to be with me
I can give you what you need
I'm right here, I got just what you want
You ain't never been in love
No more wastin' time cause I'm right here
I got just what you want
