

# My Distraction

Jon B.

i don't want u  
i need ya  
i'm just trying to do  
the best i can.  
to love ya.  
to lead ya  
even though i know  
sometimes i get  
ahead of myself now baby  
i'm just trying to do right  
by u  
for all the love u give  
to me.  
to make me feel  
complete  
we go hard. we gotta  
passion times 2  
where u think 1 pull  
the energy to making  
u happy?

cause your my  
distraction lady.  
my attraction lady.  
satisfaction lady.  
at the end of the day  
we re both satisfied

it's only getting deeper.  
between the both of us  
now i know u understand  
i'm trying to do the thing's  
to be your man.  
to love ya  
i still believe in trust  
i can look u in the eye  
and know were only  
human now lady  
i'm just trying to do right  
by u  
right when somebody  
broke your heart  
i ran into u  
we go hard what u  
wanna do  
it's what u call sexual  
energy  
gotta keep it between  
and u even when we're  
distracted lady  
i'm still attracted lady
