

# Want To Be Loved

Jon Bellion

Said "Oh, it's the night before the mixtape drops"  
And I'm just trying to rest my head  
It's the night before the mixtape drops  
And a bunch of dark thoughts fall in my head

What if its not everything I want it to be  
What if it sounds real good to me  
But it doesn't sound good to him or her or anyone, oh, oh  
Then it hits me that I really don't mind  
But I'd be lying if I said that "I didn't think twice"  
And I'ma say something I know I'll regret  
But here it goes  
We all just want to be loved

See we just want to be loved, is that so much to ask?  
See we just want to be loved, is that so much to ask?  
See I just want to be loved, is that so much to ask?  
See I just want to be, see I just want to be loved

And everything I do, I swear I'm self-conscious  
Ridiculous, this is nonsense  
And just admitting this, I'm getting kind nauseous  
But I am not afraid, I am not afraid...  
I am not afraid to admit I just want to be loved

I write how I feel and I will spit accordingly  
Half of y'all are boring me  
My tanks filled with thoughts that I ought to get rid of  
So I'll pass B, please don't gas me  
And I'm just trying to see progress  
But ya'll don't want to see change  
Cause y'all be non-sense, get it?  
Well maybe you do or maybe you don't like the song  
So from the start I've been a fool
