

## Already In

Jon McLaughlin

It's you to me  
Your gentle face  
Overdue, worth the wait  
And out of my reach  
But I'm reaching out for you  
Me to the night  
I say goodbye  
The time is up  
I fight the time  
A needed award  
I can't afford  
A finished song  
One more cord

And it's already in my mind  
I'm in over my head inside  
And it's already in my mind  
Inside  
Inside

Everyone's back  
Hearts at war  
With all the plans I had before  
And I'm losing my grip  
But, I'd lose it all for you  
So I go driving all around  
And I'm denying all the sounds that hit my ear  
Drum the beat of a heart I can't defeat

And so it's already in my mind  
I'm in over my head inside  
And it's already in my mind  
Inside  
Inside

Already in  
Already in
