

Always On My Mind

Jon McLaughlin

I've been lost on these endless streets such a long, long way from home

While you're stuck in an empty room as you wait for me to show

You are always on my mind

You are always on my mind

Always on my mind

When i sleep every dream is you filling up this empty bed

I awake to the sound of your voice but it's only in my head

You are always on my mind

You are always on my mind

Always on my mind

I always thought i could make it

Alone but you make it so hard to leave
