Industry

Jon McLaughlin

My debut is coming soon and you already know what I'm gonna do You got my time on the dotted line but you show up invited But before I sign it Someone say I'm not making mistakes and please don't be fake My debut comes today and my feelings have all run away. With the man that I am but understand if I don't keep going It just goes to show that I've been beat by an industry that I've never seen

This is me on my knees Singing take it all from me Take it all Speak to my needs, my needs Take it all, take it all This is me

So the crowd gets quiet I start to play And I think they're buying what I'm going to say But to my defiance the music fades And we all sit silent and I crawl back inside Because it wasn't supposed to go this bad

When you grow silent I start to fall . . .
