

# You Can Never Go Back

Jon McLaughlin

And you can never go back

Well Jackie you can be anything you want  
Well that's what they said when you were young  
But you never been good at movin on

Are you still at the corner restaurant  
Meetin Jamie McKay when you get off  
Don't you know that it's all a sad mirage

And you can never go back to Xanadu  
Running with the young and the restless  
Nothin better to do  
Nothin yet to lose

And you can never go back  
To Avalon  
Stolen with the bold and the beautiful  
Those days are gone  
Don't you know those days are gone  
And you can never go back

Whoa Whoa Whoa  
You can never go back  
Whoa Whoa

Jackie didn't you say you'd be a star  
Maybe it was the world that made it hard  
Or maybe you've just forgotten who you are

Can't you see that you're living in the past  
Maybe this is the time for me to ask  
Are you ready to move on, it's been too long

And you can never go back to Xanadu  
Running with the young and the restless  
Nothin better to do  
And nothin yet to lose  
And you can never go back  
To Avalon  
Stolen with the bold and the beautiful  
Those days are gone  
Don't you know those days are gone  
And you can never go back

And you can never go  
And you can never go  
Back to Xanadu  
Runnin with the young and restless  
Nothin better to do  
Nothin yet to lose  
And you can never go back  
To Avalon  
Stolen with the bold and the beautiful  
Those days are gone  
Don't you know those days are gone  
And you can never go back

Whoa Whoa Whoa

Go back. And you can never go back.

Whoa Whoa Whoa

You can never go back

You can never go, no you can never go, and you can never go back.
