

# I Fear You

Jon Oliva's Pain

I, I do surrender,  
A waiting payment for my sins.  
I, I can't remember...  
Where the story ends or where it begins.

I've been living a lie,  
Life on the line.  
Now I realize...  
Deep inside, I fear you, I fear you.

I can't hide...  
All the souls I've taken for a ride,  
Signs I cast aside...  
Should have read the words between the lines.

I've been living a lie,  
Life on the line.  
Now I realize...  
Deep inside, I fear you, I fear you!

Now I stand here facing you,  
Blood on my hands what can I do.  
Drop down to my knee's and pray,  
I will see another day.

I've been living a lie,  
Life on the line.  
Now I realize...  
Deep inside, I fear you, I fear you, I fear you, I fear you!
