

All Time High

Jon Pardi

Yeah, you're my midnight trip ride
Yeah, you're stronger than moonshine
My backwoods, homegrown baby, you're so fine
Girl, I wanna roll you up and smoke ya'
So addicted every time I get to hold ya'
You're my dealer and I'm your love junkie
I don't care, I'll spend all my money

Oh, 'cause, baby, you're my all time high
Fly me right up into the sky
I'm your rocket man
And I don't wanna ever come down
Oh, you taste like heaven
You turn my knob right to eleven
Oh, you make me feel so right
'Cause, baby, you're my all time high

Yeah, just one kiss from you
Is just enough to make me come unglued
You got some powerful stuff
And I just can't get enough

Oh, 'cause, baby, you're my all time high
Fly me right up into the sky
I'm your rocket man
And I don't wanna ever come down
Oh, you taste like heaven
You turn my knob right to eleven
Oh, you make me feel so right
'Cause, baby, you're my all time high

Oh, baby, you'll always be
Oh, the only drug I need

Oh, 'cause, baby, you're my all time high
Fly me right up into the sky
I'm your rocket man
And I don't wanna ever come down
Oh, you taste like heaven
You turn my knob right to eleven
Oh, you make me feel so right
The day I quit you is the day I die
'Cause, baby, you're my all time high
Yeah, baby, you're my all time high
And I don't ever wanna come down
