

# Chasin' Them Better Days

Jon Pardi

A little money in the bank  
A little gas in my tank  
Enough to get me to the next little gig  
Naw I ain't goin' broke but I ain't gettin' rich, yeah  
Just waitin' on a gust of wind  
My ship will be comin' in  
Any second, any minute, any time  
All my luck's gonna turn on a dime

And I've been livin' in fast lanes  
Dodgin' them cold rains  
Keepin' my faith  
And I've been waitin' on sunshine  
Rollin' with the hard times  
That come my way  
Chasin' them better days  
Chasin' them better days

I'm gainin' on another dawn  
Hell, I might just stumble on  
Another tire with a little more tread  
A girl like the girl who lives in my head  
Just keepin' that dream alive  
While I'm barely gettin' by  
Ain't gonna be gettin' me down  
No, it won't do me no good anyhow

And I've been livin' in fast lanes  
Dodgin' them cold rains  
Keepin' my faith  
And I've been waitin' on sunshine  
Rollin' with the hard times  
That come my way  
Chasin' them better days  
Chasin' them better days

Whoa, I keep on movin'  
Whoa, just doin' what I'm doin'  
Yeah and I'll plow through it

And I've been livin' in fast lanes  
Dodgin' them cold rains  
Keepin' my faith  
And I've been waitin' on sunshine  
Rollin' with the hard times  
That come my way  
Chasin' them better days  
Chasin' them better days

Chasin' them better days
