## Do you believe in us

Jon Secada

I tremble inside just thinking about the world around us Scared, can't help to wonder Don't want any changes about the way we feel Do you know what I mean?

Catch me, I'm falling Say it's gonna be alright, it's gonna be alright I know that we belong: do you believe in us? I'll give you all I can

Yes our love will still be strong Girl, I believe in us, I'll give you all I can Time has redefined the meaning of love, the way we know it

Love, the way we show it I don't want any changes when it comes to you I like us the way it is No matter what happens

Say it's gonna be alright, it's gonna be alright I know that we belong: do you believe in us? Just give it half a chance Yes our love will still be strong

Girl I believe in us, I'll give you all I can I don't want any changes unless you want them too Forever ain't long enough, baby, nothing can change us Say it's gonna be alright, it's gonna be alright
