

Dreams That I Carry

Jon Secada

Mesmerizing point of view
Hypnotic conversations
Contemplative swinging moods
Drew me to you.

It never mattered when or where
Who you'd been with
The color of your hair
Baby, I always cared.

But you couldn't see
Inside of me
You didn't notice my intentions
Nothing but dreams
Is all that I carry
Is all that I carry with me.

Cynical attitudes
The center of attention
I wonder if you understood
You could've changed my life
Focusing my energy
Setting expectations
Trying to convince myself
She loves me.

A little look here
A little smile there
Moments and memories that we've shared
Roses and things
Silly it seems
Is all that carry
Dreams that I carry
Dreams that I carry with me.

(Background vocal line)

I never knew
What to do
To make you
To believe
In my dreams
Silly dreams.

We had no chance
Never made plans
So many things slipped through our hands.
