## **Heaven Is You**

Jon Secada

It's not your body
It's all in your style
Your warm and gentle personality
Is so beautiful darling.

Prayed for a perfect love then I met you Sent as an angel to make my life new God made the heavens and placed them above But He left some hereon earth.

Heaven is you You make me feel so good Heaven is you Every little thing you do.

Hold me tight in your arms
Everything feels so alright
And when you look into my eyes and say
I'm gonna love you till the day I die
I know that this is heaven.

Ask me the question I can't tell a lie Cause your love to me is pure and paradise Take me right now I'm yours anytime Cause you're my happiness You're my heaven.
