

I'm Free

Jon Secada

Do you see what I see
A rainbow shining over us
In the middle of a hopeless storm
Sometimes I'm blinded by my feelings
And I can't see beyond my troubled mind
Afraid of what I'll find
The story of our lives
But there's tomorrow.

Cause I'm free, I'm free
And things are only as important

As I want them to be
We'll have a breath of sunshine
When the rain goes away
I pray, I pray.

Do you need a friend right now
In the road that you're going to
If you get lost just call me I'll be there
Yes I'll be right there
Cause though I may not have the answer
At least I know what I'm looking for.

Yes I can do without sorrow
There's a day after tomorrow
So I'm leaving behind.

I'm free, I'm free
And things are only as important

As I want them to be
We'll have a breath of sunshine
When the rain goes away
I pray, I pray.

And if you want to share my dreams
Well all you have to do is say it, say it
Let me hear you loud and clear
Cause I need you if you wanna be, if you wanna be.

Do you see what I see
A rainbow shining over us
In the middle of a hopeless storm
We'll be safe and warm.

I'm free, I'm free
And things are only as important
