

# Ready For Love

Jon Secada

Moments, comments  
Then one thing that you said  
Did it again  
Turned our world upside down again  
I surprised you  
I surprised myself  
Is this what we need.

I don't wanna stop  
I can do this, I am ready I know I can do this  
I don't really wanna stop this  
I can love you like no other, I can  
Ready for love, I feel fine  
I feel just fine  
Do I ask too much.

Rebounded, founded  
What I hope is missing in me  
I'll admit this is new to me  
Did I catch you at a bad time  
Do I ask too much.

I don't wanna stop  
I can do this, I am ready I know I can do this  
I don't really wanna stop this  
I can love you like no other, I can  
Ready for love, I feel fine  
I feel just fine  
Ready for love.

I surprised you  
I surprised myself  
Is this what we need.

I don't wanna stop  
I can do this, I am ready I know I can do this  
I don't really wanna stop this  
I can love you like no other, I can  
Ready for love, I feel fine  
I feel just fine  
Ready for love.
