

# Window To My Heart

Jon Secada

Alone in the dark  
Waiting for the sunrise  
But feeling wide awake  
Pretending you're there with me  
Don't wanna close my eyes  
Cause I wanna keep believing  
That we can be together  
As far as I can see  
I know you feel the same  
Give us a chance to make it

Through your eyes  
There's a window that goes to my heart  
I can see me still loving you  
The rest of my life  
Look inside, look inside  
To the window that goes to my heart

Stay with me tonight  
I promise you one thing girl  
No matter come what may  
I'll always be here for you  
If you believe in me  
I know that I can be  
Everything that you need  
As far as I can see  
I know you feel the same  
Give us a chance to make it

Through your eyes  
There's a window that goes to my heart  
I can see me still loving you  
The rest of my life  
Look inside, look inside  
To the window that goes to my heart  
You're the only one  
Whose light has ever made it through  
And I've been waiting so long  
For somebody like you  
Look inside, look inside  
To the window that goes to my heart

No I don't care how long I have to wait  
It means that you'll stay  
Through your eyes  
I'll always feel the truth  
Make no mistakes  
And give us a chance to make it

Look inside, look inside  
To the window that goes to my heart
