

# Take A Chance On Me

Jon Young

(Yea...) Jon Young  
(I know I can't change the past)  
Sky skrapin'  
(I want you back)  
I want you back shawty

I know I messed up  
But take a chance on me  
We been through so much  
I can't just up & leave  
Please don't let this thing  
Come between  
What we have  
I want you back  
(2x)

Saw u jus the other day  
Up at west oaks  
We used to go there all the time  
But not today though

U was with somebody new  
And couldn't say hi  
Guess he's one of those type of guys  
Yea the jealous type

But that's the kind u like  
I was always occupied  
With my own life  
And now u gone  
And I realize

Ain't that the way it goes  
Same old story  
Now I know  
Heard this one b4  
But never got it  
Til u let me go

In my mind  
I was right  
While u were wrong  
And now look at who's  
Writin who the love song

Well I guess u long gone  
Moved on  
You over me  
All I can say is  
I wish it ended differently

I know I messed up  
But take a chance on me  
We been through so much  
I can't just up & leave  
Please don't let this thing  
Come between

What we have  
I want you back  
(2x)

Take a chance on me  
Yea  
Take a chance on me  
Shawty

I know it's been a while  
But I miss u in my bed  
Thangs just ain't been the same  
Can't u getchu out my head

Oh how I miss seein u right beside me  
Ridin in my cutlass  
On the way to catch a movie

But yea it's different now  
We strangers when we walk past  
Funny how we best friends  
Next minute  
No more past

And when I think about  
What I did  
I can't stand it  
Never thoght u'd leave  
But I was takin u for granted

I know I messed up  
But take a chance on me  
We been through so much  
I can't just up & leave  
Please don't let this thing  
Come between  
What we have  
I want you back  
(2x)
