

Dying To Live

Jonah33

Come on, come on
Let's rise from the ashes
Let's forget about yesterday
Come on, come on
Let's run for daylight
Maybe we can find a better way
So run with me

We're dying to live
Dying to love
Dying to be
Everything we've dreamed of
Starving for hope
Searching for change
And we'll fight until the end
We're dying to live

Let's bet all we have
On one last shot
May our hearts burn with fire
Let's keep pressing on
No this is not the end
It's time to take back life
So run with me

We're dying to live
Dying to love
Dying to be
Everything we've dreamed of
Starving for hope
Searching for change
And we'll fight until the end
We're dying to live
We're dying, we're dying
We're dying to live
