

## 7.05

Jonas Brothers

We had a lot of good times when we were together  
And I thought we'd last forever, you and I  
IM for so long I couldn't wait to get you're phone call  
Dreaming 'bout you makes me feel alright  
Tonight you called me on the phone  
Said you had to stay at home  
Is there something I should know?

I was fine till 7:05  
Till she walked out the door and right out of my life  
If you're gone ill move on  
But it only would have taken two seconds to say  
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

The night after you're phone call me and friends were hanging at the  
mall  
I was not believing what I saw  
(Whoa) holding hands with him and sitting closer then six inches  
Hoping she's not gonna kiss him now

How can I call you a friend, you stood me up in the end  
I know that it's over

I was fine till 7:05  
Till she walked out the door and right out of my life  
If you're gone I'll move on  
But it only would of taken two seconds to say  
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

Don't keep telling me that you're sorry now  
But let me tell you how much this hurts me too  
(Yeah ooo)

I was fine till 7:05  
Till she walked out the door and right out of my life  
If you're gone ill move on  
But it only would have taken two seconds to say  
Goodbye Goodbye Goodbye (woahwoo)

I was fine till 7:05  
Till she walked out the door and right out of my life  
If you're gone ill move on  
But it only would have taken two seconds to say  
Goodbye (goodbye) Goodbye (goodbye) Goodbye (woahwoo)

It only would of taken two seconds to say  
(Good bye goodbye) Good bye (good bye) Good Bye (woo)  
Goodbye
