

Still In Love With You

Jonas Brothers

1. She was all I ever Wanted
She was all I ever needed and more
She walked out my door
Then she went away
Left my heart in two
Left me standing here
Singing all these blues

R: You left without a single word
Not even sorry
It might of hurt worse to hear you say
I'm leaving goodbye
But your smile still makes my heart sing
Another sad song
Can't forget it, won't regret it
Cause I'm still in love with you

2. We had fun under the sun
And when winter came she'd be my angel
We were so in love
Yeah she went away
Left my heart in two
Left me standing here
Singing all these blues

R: You left without...

I don't know what hurts worse baby
Seeing you with him or being alone
On my own

I know he doesn't love you baby
Not like I did oh what's the point
You're not listening anyway

R: You left without...
