

# Things Will Never Be the Same

Jonas Brothers

Try to fall asleep tonight  
I lay awake and dream of life  
When we thought we could make it  
Wasted all our time  
But I wouldn't change  
A single thing I know

[Chorus:]

We get closer and closer again  
But we're falling apart  
I'm losing, you're losing a friend  
It's always over before we start  
You're asking for love and I wish  
That it could be the way that it was  
But it's over, there's no one to blame  
It'll never be the same

Two wrong don't make it right  
Too hearts are on the line  
Maybe we could've made it  
I've waited countless nights  
In the end I'm a friend  
But that's all I am to you

[Chorus]

No it'll never be the same

[Chorus]

No it'll never be the same  
No it'll never be the same

[4x]

It's over there's no one to blame  
It'll never be the same
