

# What It Takes

Jonas Brothers

Who's got  
What it takes to be  
My guy  
What it takes to make  
Me shine  
What it takes to get  
Me fired up

Who's got  
What it takes to be  
My beau  
What it takes to make  
Me glow  
What it takes to make  
This beat flow

Everybody talks about what they think they need  
The make up a list of things: 1, 2, 3...  
Everyone is different but where we can agree  
Is every girl wants her boy to treat her sweet

Don't think that being mean will get you anywhere  
Don't think that acting cool will make me want to care  
I just need your respect, if you're gonna be the one  
And if you must apply then try to get the job done

Who's got  
What it takes to be  
My guy  
What it takes to make  
Me shine  
What it takes to get  
Me fired up

Who's got  
What it takes to be  
My beau  
What it takes to make  
Me glow  
What it takes to make  
This beat flow

Talk can be so cheap  
So I just look for your actions  
Be good to me  
If you want my attraction  
Maybe I just want too much  
But I don't really care  
I know I'm worth it  
And I know he's out there

Wait, wait  
You might be a contenda  
Hey, hey,  
Can I borrow your sweatshirt

Normally I'm not the one

To say hello first  
But if I didn't I might miss out  
And that might hurt

Who's got  
What it takes to be  
My guy  
What it takes to make  
Me shine  
What it takes to get  
Me fired up

Who's got  
What it takes to be  
My beau  
What it takes to make  
Me glow  
What it takes to make  
This beat flow

I've been contemplating  
What it takes  
To make me give my heart  
Could you be the one, standing  
In the crowd  
I'm waiting to find out  
I'm waiting, waiting, waiting, oh

Who's got  
What it takes to be  
My guy  
What it takes to make  
Me shine  
What it takes to get  
Me fired up

Who's got  
What it takes to be  
My beau  
What it takes to make  
Me glow  
What it takes to make  
This beat flow

Who's got  
What it takes to be  
My guy  
What it takes to make  
Me shine  
What it takes to get  
Me fired up

Who's got  
What it takes to be  
My beau  
What it takes to make  
Me glow  
What it takes to make  
This beat flow
