

Love Song

Jonatha Brooke

If I were blind would it all come down to this?
Would you still love me?
If I were wrong
Would it still be the same
Fade to black
As I reach for you
Falling
Falling
Away
I am falling
Falling
Away
From love again

If there were time
To say it you think
I know now
Although it's indistinct
If there were days
And nights alone
Again, would you still reach for me?
Falling
Falling
Away
I am falling
Falling
Away
From love again

If you were blind
It would all come down to this
I would still love you

If you were wrong
It would still be the same
Fade to black
Cause I am falling
Falling
In love again
I am falling
Fallng
