

## Your House

Jonatha Brooke

Take me down to your house  
Show me where you live  
Room by room, all the things you cherish

Tell me where you're going  
Show me where you've been  
Year by year, all the things that you wished

And I'll give my love, give my love  
Angel, I am here and I am.....yours.

Whisper me your secrets,  
I won't tell a soul  
One by one, I'll treasure every story

This is where our love goes  
Circling back again  
This is heaven's gift to us to tell it

And I'll give my love, give my love  
Angel I am here and I am....yours

Tonight we'll speak the old words  
Caress the silence  
Tonight we'll tell the whole world where to go

I will walk the way in,  
You'll take the journey out  
Path across our hearts, eyes wide open

Room by room, year by year, one by one, say goodnight,

Love...

Love.
