

# Our Time Is Coming

Jonathan Clay

I don't understand the condition that we live  
Why is it so hard for us to give  
You look the Man of Power straight into the eye  
Don't take long before you know it's a lie

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

I don't understand the choices that are made  
'Cause you and I, we dream for better days  
We walk in circles and we're walking the line  
She's trying to tell ourselves that we are gonna be fine

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

And I know that we are meant for more  
Yes, I know that this is worth fighting for  
I know that we are meant for more, much more  
And that's why I tell you that our

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

Our time is coming, baby  
We'll keep waiting  
Our time is coming  
We just got to be strong

Just got to be strong  
Just got to be strong
