

Shadow

Jonathan Clay

I fall
In the dark
I wish I was
There with you
And you
You're probably sleeping
I wish I was
Sleeping too
Next to you
Wherever you are
I wish you'd fall
Back into my arms
You
Wherever you are
You know that we
We can't be that far
Can't be that far
You and me
We can't be that far
And I
I left the whole room
Just the way
It used to be
With the pictures plastered
Higher than the ceiling
Trying to keep the feeling alive
By trapping it inside
You
Wherever you are
I wish you'd fall
Back into my arms
You
Wherever you are
You know that we
We can't be that far
Cant be that far
You and me
We cant be that far
Cuz your shadow is haunting me
And your shadow is all I see
Your shadow is haunting me
Why won't you
Let me be
Cuz I'll never have you
Wherever you are
I wish you'd fall
Back into my arms
You wherever you are
I wish you'd fall
Back into my arms
Cuz we
We can't be that far
Away
