

# Hey Daddy

Jonathan Davis

Let me see (let me see).  
How my life has been (taken).  
Taken.  
This demon (haunts me).  
Haunts me.  
They're waiting (help me).  
Help me.  
You fuck me up.  
I can't get down.  
You pick me up when I am down.  
I can not live without them.  
I do not live without them.

Hey, daddy (Daddy).  
They are taking me (away).  
Biting.  
Facing him (my soul).  
My soul.  
They're eating.  
Please help me.

You fuck me up.  
I can't get down.  
You pick me up when I am down.  
I can not live without them.  
I do not live without them.

They carry this thing inside of me.  
Wants to get out.  
All it does is scream and shout.  
I'm trying not to let them out.  
They tell me to hurt myself.  
They tell me to hurt myself.  
They tell me to hurt myself.  
But I'm not going to listen.

You fuck me up.  
I can't get down.  
You pick me up when I am down.  
I can not live without them.  
I do not live without them.

You fuck me up.  
I can't get down.  
You pick me up when I am down.  
I can not live without them.  
I do not live without them.

Hey, Daddy (waiting).
