

Kick The P.A.

Jonathan Davis

You simply defy, I cannot and look through the sky.
We try it single file, dig on me here is my denial.
I cannot ever find something safe my tongue on the fly.
I cannot live this way -- floorin' me, we'll kick the
P.A.

You wanna play with me?
I'm really gonna rock your world.
You wanna come for me?
I'm gonna rock your world.

You say everything is fine, I cannot compete with the
skies.
My sickness crossed the line, come and meet my fly
through the sky.
I cannot ever find, you and me we'll make all the
lines.
Oh if they could see the play, no one would wanna be
me.

You wanna play with me?
I'm really gonna rock your world.
You wanna come for me?
I'm gonna rock your world.

So I fly, take me.
I cannot fly, most people hate me.
To fly away from this pain.

So I fly, take me
I cannot fly, most people hate me.
To fly away from this pain.

Please take away, please take away my P.A.
